We regret very much to chronicle the above. In the death of Mrs. Pulley, society has lost oue of its most leved members. She was a lady of exemplary character, and her many good qualities will cause her to be long remembered by those to whom they were known. To the bereaved family we tender our sincere sympathy, and say, "she is not dead, but steepeth."

PERSONALS .- Mr. Frank Delano, returned Friday, from New York. He intends trying railroading, and expects in a short time to take up headquarters at Little Bock. Suc-

Announcement.

DES ARC. Mo., March 22, 1881. MESSES. J. N. SEMANDS, C. H. COLLINS, AND

GENTLEMEN-In last week's issue of the "REGISTER" you called upon me to inform you through the "REGISTER" If I would consent to have my name go before the qualified roters of fron county for School Commission-er. That call is an honor to me, and seems to involve more than simply to announce myself

involve more than simply to announce myself as caudidate for that office.

It appears to imply the fact that my labor as teacher of your school for three sessions meets your hearty approbation. Buch a compliment must be received to be appreciated.

With respect for your worthy call, I accept the invitation to become a candidate for County Commissioner and if elected will work as faithfully for the promotion of the educational interests of the county as I have for your school—using no energy without discernment, nor ability without forethought.

Very Respectfully.

J. W. Raggand.

No Proof More Convincing. Could be produced to satisfy us that there is ment in DAT's KIDNEY PAD than the fact that it is being initiated. Alreaday several worthless kidney pads are seeking a sale on the good reputation of this original and excellent pad. It is the greatest of mistakes, drugging the system with medicines to cure kidney trouble. The application of a DAT'S KIDNEY PAD to mail of back will cure when nothing else can.

Another very sad affair occurred Saturday evening. It seems as Mr. John Gesser, went to Middlebrook early Saturday morning, to have some tailoring done and was returning the track, and as No. 4 was coming up one-half bour behind time, and the wind and snow were making so much noise, that Mr. G. could not hear it coming, when it was near him he stepped inside the track, just in time to meet with destraction. Both his less were broken below the knee, his thighs and left arm were crushed. He was also supposed to have been hurt internally. He died Sunday morning at ten o'clock. He has not a relation in this country. He was all crman of about 45 or 50 years of age. He will be bur-
